[Ice Cold Propless Mentalism Morgan Strebler](#)

This new DVD set is Morgan Strebler's latest and most unique work to date. The release is meant to set a record and not intended to be owned by everyone.

Only 700 sets will ever be produced worldwide.

Imagine walking up to anyone with no prop, no pre-show, and the spectator writes nothing down. You look directly into someone's eyes and start revealing details in her life, about her past, and the darkest side that one keeps sealed deep in her heart. This is the holy grail!

Here are what respected masters in the field say about Ice Cold.

"...I'd recommend [Morgan's Ice Cold] to the serious practitioner. While you may not agree with everything, there is no doubt that his readings are very powerful and effective."
- Bob Cassidy

"...Anyone who is serious about cold reading should certainly take the time to look at and absorb [the ice cold techniques]."
- Mark Salem

"...This rates as first class. [The Ice Cold Techniques] allow you to demonstrate the uncanny ability to enter one's mind. This is not mere mentalism, it is cold reading on steroids..."
- Luca Volpe

Ice Cold is a series of practical techniques that allows serious practitioners of mentalism to give heart-hitting readings. It's direct. It's personal. It's controversial. Ice Cold is Morgan's contemporary approach on traditional cold reading techniques. In Ice Cold, Morgan explains techniques he has developed for the past decade. With Morgan's unique "No Miss System", you create a safety net to freely explore in the reading. It's like jazz in mentalism. You have a pass to ignore the traffic light and run free in reading someone's mind. If you are serious about developing your abilities in mentalism, now's your chance to add what Morgan has been working on for the past decade to your collection.

Q&A

Is Ice Cold practical in the real world?

No prop, billets, or anything involved but you and the spectator's mind. It's as practical as it gets.

Is Ice Cold a complete routine or just techniques you can adapt to your own routine?

Ice Cold is a series of techniques that anyone could adapt into their current work. Morgan's very own patter and 'effect' if you would, is also provided for the owner of the project to use as a foundation to build his routine upon. So even one with no experience can easily follow and master the techniques.

What techniques are covered?

Without giving unnecessary information away, Ice Cold Techniques include:

1. No Miss Reading Technique
 2. The Whisper Technique
 3. How to decide what to read and reveal based on geographic area
 4. Universal Palm Reading (Jazz Technique 1)
 5. Universal Tarot Reading (Jazz Technique 2)
- and more...

Is the Ice Cold Techniques difficult to master?

Anything worth mastering takes dedicated practice and time investment. Morgan explains his Ice Cold Techniques thoroughly and provides a basic 'routine' for anyone to begin with. With the No Miss technique, you can dive in and learn how to swim. You won't master all the techniques overnight, but you could start to apply the techniques tomorrow and receive good results. It's like learning how to ride a bike or learning how to drive. As you gain more experience, the smoother and faster you go.

Ice Cold is limited and will never be reprinted!

Morgan Strebler took the Ice Cold Techniques on the streets across the heart of Vancouver (Canada) with the SansMinds team. Do you like what you see? If you do, you could be one of the 700 selected performers to study and perform Ice Cold. Act now. Seats are limited.
